

## Know about: Central KYC Registry (CKYCR)

### About CKYC & CKYCR

Central KYC Registry is a centralized repository of KYC records of customers in the financial sector with uniform KYC norms and inter-usability of the KYC records across the sector with an objective to reduce the burden of producing KYC documents and getting those verified every time when the customer creates a new relationship with a financial entity.

### **Features of CKYC**

- CKYC Identifier is a unique 14-digit identifier assigned to you based on the KYC details uploaded by your financial institution on CKYCR.
- CKYC Identifier can be obtained directly from any financial institution with whom you have an account-based relationship.
- CKYC Identifier is valid pan India and can be used when opening an account with any financial institution regulated by RBI, SEBI, IRDAI and PFRDA.
- Submit the CKYC Identifier whenever you want to start a new financial relationship instead of submitting the same KYC documents (PAN Card, Driving License, Passport, etc.) repeatedly.
- By submitting documents at one place, you can update your KYC details such as contact details, current address, etc. with all the financial institution you have account with.

### Benefits of using your CKYC Identifier!

- One time KYC compliance / updation for all financial relationships
- Can be used across financial products Banking, Insurance, Stocks, POPs
- No repeat KYC documentation required
- Paperless KYC process
- Your CKYC Identifier can be used PAN India
